—FINAL STUDENT ART SHOW—

Saturday evening, August 10th, 7-8pm

Family & friends encouraged to attend!

Have fun painting a new piece on canvas each morning with acrylic paints (all supplies included)! Learn different painting techniques—blending, proportion, stroke styles, light source & more. Each afternoon, we will learn from each other as we eat our packed lunches & critique our morning work. After break, we will learn the basics of drawing for about 1-1/2 hours. The students will each create the drawing of their choice (still-life or a recreation of an existing illustration). Each day we will continue with the same drawing in order to achieve one finished piece by Friday. We will learn different styles of Pencil Shading, Proportion, Basic Color Knowledge, and Light Source. Finally, we will end each day with a popsicle in the shade! Our last day of camp will be a special day where we also prepare for the art show. We will mat/cover/frame our drawings & set up displays—Learning how to properly exhibit the artwork we've created all week! Snack donations appreciated for the show.
